

8oz / 0.24L Pail Hand Pump for 5G / 20L Ready to Use

Product Code: HDP003
Case Specs: 1x1

The 8oz/0.24L Hand Pump is a quick and easy way to dispense **AHP® Ready to Use (RTU)** liquid from a 5G / 20L pail into a 32oz / 1L bottle with sprayer.

Directions for Use:

1. Attach hand pump to 5G / 20L Ready to Use pail by twisting it onto the bottleneck.
2. Bring your bottle of the appropriate measured amount of water under the hand pump.
3. Press down on the handle of the hand pump to release the concentrated liquid into the bottle*.
