

PRESS RELEASE

Virox Animal Health Enters into Strategic Alliance with the American Animal Hospital Association

January 11, 2016

Oakville, ON – Virox Animal Health announced their Emerald Strategic Alliance Partnership with the American Animal Hospital Association.

“Virox Animal Health and AAHA are the ideal fit to develop and disseminate a wealth of useful knowledge in the world of biosecurity and infection prevention.” said Randy Pilon, President and CEO of Virox Technologies Inc., “as a leader in human healthcare, we’ve spent years educating and supporting programs to improve the lives of patients and the people who care for them. We look forward to providing the same in animal health markets.”

In 2016, Virox Animal Health released a new, companion animal health specific brand of Accelerated Hydrogen Peroxide® disinfectant. Rescue™ will be available in formulations designed with veterinary practices in mind, including Ready to Use Liquids and Wipes, and Concentrates, featuring contact times as short as 1 minute for pathogens, including Parvovirus. Rescue™ also has no harsh chemical smell, minimizing the Fear, Anxiety and Stress that can occur during a veterinary visit.

Virox Animal Health is a division of Virox Technologies Inc., a research-driven company whose mission is to equip the entire spectrum of global markets that are concerned with infection prevention and biosecurity with the state-of-the-art, patented Accelerated Hydrogen Peroxide® (AHP®) technology. For more information about Virox Animal Health, please visit www.ViroxAnimalHealth.com.

Virox Animal Health is excited to work with AAHA to create and deliver educational programs that everyone in the veterinary industry will benefit from.
